

# My Sweet One

Kalan Porter

My sweet one there's a battle going on so strong  
And I hope it doesn't take too long to get me back to you my one  
My sweet one even superman can't save the sun  
When your time has come  
The day is done and we're back to where we both come from

Something's gotta give, something's gotta break away  
Make a better way to feel for you  
Something's gotta fly when you need to love  
When you need your love, little lover

My sweet one all we are is just the light upon  
A world a trillion miles away too long  
To get me back to you my little bittersweet one
