

# Goodbye My Friend

Kaledon

Good bye my friend  
Good bye my king  
We'll never forget your name  
Good bye my friend  
Good bye my king  
We'll never forget your love

Your body goes away  
But Your spirit remains  
Your heart has gone  
We'll love you forever  
Now I'm here alone  
And this kingdom needs me

Good bye my friend  
Good bye my king  
We'll never forget your name  
Good bye my friend  
Good bye my king  
We'll never forget your love
