

# Revenge

Kaledon

Through many years and many tears  
The big Fear is gone away  
the big war is coming near  
the redemption begins now

Free in the land we're not afraid  
like pure spirit we live  
they want the end of the ages  
but they won't hurt us, never more

Revenge  
Revenge for save the kingdom  
Revenge  
Revenge for fight the evil

The rage, the fury, the justice for all  
This is the honor of the king  
we Ride the sky, we fight the death  
the only word is revenge

Antillius wants the end of the evil  
The heroes fights this holy war  
This is the time, the Second Fall  
Is the revenge of Kaledon's sons

Revenge  
Revenge for save the kingdom  
Revenge  
Revenge for fight the evil
