

# The Shadow of Azrael

Kaledon

I remember when we fought together  
against the hordes of Azrael  
as a single untiring man  
we fought the monsters of the nightmare

We commanded the force of the kingdom  
we brought the light between the shadows  
how many times have i saved your life ?  
how many times have you saved my life ?

Then you have left to blacken your soul

Azrael, (shadow of ) Azrael  
slides on the Kaledon' s ground,  
Azrael, ( shadow of) Azrael  
it spreads the black wings over the sun

You have betrayed yourself and me  
and sold the reign to the Mover of evil  
You have dispensed the death  
and drunk the blood of Kaledon's people

You have tried to kill me in the night  
but the fate has called the Dragon  
the light has struck you with his fire  
you have seen your death coming down

Then you have left to blacken your soul

Azrael, (shadow of) Azrael  
slides on the Kaledon' s ground,  
Azrael, ( shadow of ) Azrael  
it spreads the black wings over the sun

to return to the life  
after the death  
you have become the undead King

I will find you,  
Carnagus, I will burn you !  
And I will make fall the Lord of the Holy Well of Souls

Azrael, (shadow of) Azrael  
slides on the Kaledon' s ground,  
Azrael, ( shadow of) Azrael  
it spreads the black wings over the sun
