

## The Way of the Light

Kaledon

Oh...King..  
Listen the Bearer of Light  
This is the way...

Now that the heavy head  
Has gone down  
You have to wash the black heart  
Of the ground  
And to bless the place where  
The cages rose  
To dry the deception  
Until the roots  
So that the black shadow  
Doesn't rise anymore

This is the way ...  
...the way of the Light  
This is the care  
To every pain  
The only possible way...  
Paved of courage,  
Pain and glory...  
This is the way...  
...the Way of the Light
