

Holler

Kalimba

You've seen me around
You just don't dare to talk to me, do you?
Girl, give me a shot, I can make it high
You know what I want, so don't you leave me

No, before I let you go
I got to let you know
I'll never do you wrong so stay

Now I know I might be moving kind of fast, yeah
For a girl like you, you know I had to ask, yeah
Wanna ride with me? Well baby, here's your chance, girl
Your opportunity, never met someone like me 'cause

One I can hold you down
And two I'm a stay around
And three I can give my all
If you're feeling that just holler

I got my paper stacked
And you know I got your back
Tu nena ven aca
If you're feeling that just holler

Girl, I can't resist you, I'm feeling it
This is serious the way you shake, oh, no
Won't let you go, something so beautiful
Girl, you can't go wrong, so stay

Now I know I might be moving kind of fast, yeah
For a girl like you, you know I had to ask, yeah
Wanna ride with me? Well baby, here's your chance, girl
Your opportunity, never met someone like me 'cause

One I can hold you down
And two I'm a stay around
And three I can give my all
If you're feeling that just holler

I got my paper stacked
And you know I got your back
Tu nena ven aca
If you're feeling that just holler

If you're feeling that just holler
If you're feeling that just holler
You ain't never met a player
Take all your bills and pay 'em, holler back

One I can hold you down
And two I'm a stay around
And three I can give my all
If you're feeling that just holler

I got my paper stacked
And you know I got your back
Tu nena ven aca

If you're feeling that just holler

One I can hold you down
And two I'm a stay around
And three I can give my all
If you're feeling that just holler

I got my paper stacked
And you know I got your back
Tu nena ven aca
If you're feeling that just holler

You ain't never met a baller
If you're feeling me then just holler
Holler back, holler back
