

Ugly Girls

Kalle Baah

Ugly girls beckon to me
Oh no, I don't care
Like a rose waiting for a bumblebee
Me no wanna go in there
In my life, I've everything
In my life, where there once was a ring
In my life, there was glitter and gold
In my life, I've never foretold that the glitter and gold
Were so heartless and cold, In my life
In my life, where there once was a song
In my life, now that is gone
In my life, nothing is clear
In my life, will you help me from fear
Me no wanna go there, I've got no point on my spear
Ugly girls beckon to me
Oh no, I don't care
Like a rose waiting for a bumblebee
Me no wanna go in there
In my life, all my colour is grey
In my life, night will never be day
In my life, there's no nightingale
Cause my life's like a jail
No one to go my tail, ugly girls on my trail
Ugly girls beckon to me
Oh no, I don't care
Like a rose waiting for a bumble bee
Me no wanna go in there
