

# Abandoned

Kamelot

Once my life was plain and clear  
I recall  
Once my ignorance was bliss  
Nightfall came  
Like a serpent's kiss  
To my troubled mind

Why... Oh why my God  
Have you abandoned me in my sobriety  
Behind the old façade  
I'm your bewildered child  
So take me cross the river wide

Binding promisses were made on my soul  
Grand illusions lead astray  
Ice cold winds swept my heart away  
Bring me back to you

Why... Oh why my God  
Have you abandoned me in my sobriety  
Behind the old façade  
I'm your bewildered child  
So take me cross the river wide

I remember a song  
Like in a dream  
Where September was long  
And winter unreal

Why... Oh why my God above  
Have you abandoned me in my sobriety  
Behind the old façade  
I'm your bewildered child  
So take me cross the river wide
