

# Descent of the Archangel

Kamelot

Speak my friend  
You look surprised  
I thought you knew  
I'd come disguised  
On angel wings in white  
I can make  
Your dreams come true  
What a couple  
Me and you  
On journey through the night

I will show you everything so vividly  
You can't deny me

Bathed in moonlight  
I'm proclaimed by angels cry  
Think well  
Do take your time  
Because your soul  
Will be mine the day you die

Name a pleasure  
One a few  
Any form  
Of lust in you  
Will tremble at my touch  
I come down from heaven's light  
I have all the perfect alibis  
There's so much

I will show you everything so vividly  
You won't deny me

Bathed in moonlight  
I'm proclaimed by angels cry  
Think well  
Do take your time  
Because your soul  
Will be mine the day you die

Call my name or carry on  
Till that last resistance' gone  
I'm sure we'll meet again

I'm your true disciple  
When the flesh desires  
You won't deny me
