Farewell

Kamelot

Winter's close and the mountain high I'll start my journey now On this planet we call Earth we belong I want to know Why did God make me feel There is no more to be answered Maybe God cannot remedy Our souls if he tried I seek peace of mind at least And to know I did my best I will pray for those I have loved

I must take your farewell Carried by destiny Bound to obey

I must take your farewell Trails of discovery Lead me an ocean away

No one holds the only truth in his hand So who am I To defy even God In quest for a reason There's no time to waste I'm afraid

I must take your farewell Carried by destiny Bound to obey

I must take your farewell Trails of discovery Lead me an ocean away So far away

When the tide is high I won't dwell or wait no longer
