Kamikazee

Sittin here got nottin 2 do  
Check the time it's almost 2  
Start the fun and laugh till dawn,  
Light it up and pass it on.

Calling all my brothers unite,  
Join me as I party all night,  
Never ask how, never ever ask why?  
Just join the group and make yourself high

[Chorus:]  
Hey there something missing,  
Pass the joint so we can sing..[x2]

Taking off, flying high,  
Lightning the midnight sky,  
Don't stop now, enjoy the ride,  
Passadubiebabelefthandside!

Everything is clear now, we can hear,  
The world is is spinning now I can sing.
