Kamikazee

Sittin here got nottin 2 do
Check the time it's almost 2
Start the fun and laugh till dawn,
Light it up and pass it on.

Calling all my brothers unite,
Join me as I party all night,
Never ask how, never ever ask why?
Just join the group and make yourself high

[Chorus:]

Hey there something missing,
Pass the joint so we can sing..[x2]

Taking off, flying high,
Lightning the midnight sky,
Don't stop now, enjoy the ride,
Passadubiebabelefthandside!

Everything is clear now, we can hear,
The world is is spinning now I can sing.
