When I call you in the morning
I tell you everything's alright
I can't see into the future
I don't see the danger in the night

And when I hear the sirene wailling
I see the flashing of the light
I know that there is trouble
And there are battles yet to fight

Cause I may not have all the answers noo
I wouldn't have it any other way

There's an inner peace I'm seeking
There's a lightness in my soul
And everytime I think I found it
I wanna touch it, feel it, hold

And the day that I stop asking
Will be the day I say goodbye
The world may not be safer
But there's no truth without the lie

Cause I may not have all the answers noo
I wouldn't have it any other way
No I may not have all the answers noo
I wouldn't have it any other way

I've asked the good lord Jesus
I'm asking Allah too
I tried the great god Bubbah
And now I'm asking you

Cause I may not have all the answers noo
I wouldn't have it any other way

When you're deep in troubled water
You've got to fight for every breath
You feel you're gettin' weaker
You facing life, you're facing death

And if you have a God to turn to
Don't turn the other way
Or a friend that you can call on
Just a prayer that you can say

Cause I may not have all the answers noo
I wouldn't have it any other way
No I may not have all the answers noo
I wouldn't have it any other way
No I may not have all the answers noo
I wouldn't have it any other way
