

# Believe It

Kane

Tell me would you wanna go out there  
Tell me would you wanna go out there  
See the world in all it's truth  
There's a lot that you can do  
Without giving in  
One of these days...

Tell me do you wanna believe it  
Tell me would you wanna receive  
It's fate and fortune in your hand  
It's there to understand  
Not to give in

Tell me do you wanna believe it  
Tell me would you wanna receive this life  
That's only meant for you  
There's so much that you can choose  
Without giving in

And one of these days  
It's gonna come right back to you  
One of these days  
I got the heart and soul  
Got the right from wrong  
O, I'll sing it  
Yes I believe it  
Got to believe it  
Got my heart and soul  
And the will to go on  
Yes, I believe  
And it feels good  
It feels good

Tell me do you wanna go out there?  
Tell me would you wanna go out there love  
You wanna trust your heart do you?  
Or you wanna keep it far away?

'Cause sometimes it's gotta run deep  
Sometimes it's gonna explode  
Feels right just to fantasize  
Feels right not to compromise

'Cause one of these days  
It's gonna come right back to you  
One of these days  
It's gonna come right back you

I got the heart and soul  
Got the right from wrong  
O, I'll sing it  
Yes, I believe it  
Got to believe it  
Got my heart and soul  
And the will to go on  
Yes, I believe  
And it feels good

It feels good

O, yes it feels good  
O, yes it feels so good  
Yeah, yeah

I got the heart and soul  
I got my right from wrong  
O, i'll sing it  
Yes, I believe it  
Got to believe it  
Got my heart and soul  
And the will to go on  
Yes, I believe it  
Yes, I will believe it

Got my heart and soul  
I got my right from wrong  
O I'll sing it  
yes I believe it  
Got to believe it  
With my heart and soul  
And the will to be strong  
yes I believe  
And it feels good  
It feels good
