

# It Just Won't Be The Same Without You

Kane

Fellas it's christmas!

It's christmas time and I'm all alone  
I'm waiting for your call  
Staring at the phone  
And I want you here if you won't come back  
This time so what about me  
Oh no what about me  
ooh

Stars' shining on a cold white night  
And I'm thinking about the times when I held you tight  
And I tried to call you  
Yes I tried to make things right  
So what about me...oh no what about me

Christmas time won't be the same without you  
Ooh christmas time won't be the same without you  
And the christmas bells that ring alright but what am I to do

If eyes burning and  
And I'm looking for your trace in the fallen snow  
And I, I want you back cause I need you here  
This time  
oh yeah now  
And something's missing  
Where can you be  
One things' for certain your not here with me..ooh  
Snow's falling on a cold and lonely night  
So what about me, what about me.....Yeah, yeah

Christmas time won't B the same without you  
Ooh christmas time won't be the same without you  
yeah, yeah  
And the christmas bells that ring alright  
but what am I to do  
with you to do  
hey, yeah  
Oh yeah, yeah  
christmas time won't be the same without you  
oh yeah(6x)  
Without you...
