

# So Glad You Made It

Kane

Love, come take me for a ride tonight  
Take me all the way to the stars tonight  
Take me to heat at the speed of light  
And let it flow through me

Till everything's fine  
In every way we'll make it  
So tell me why my heart beats so fast?  
Like any day, you'll take it, oh

Sweet like honey, meltin' over me  
Twenty-four seven, so tempting  
Your love is like a freight train running me down  
Don't want to fall over, no way

Everything's fine, yeah, yeah  
In every way we'll make it  
So tell me why my heart beats so fast?  
Like any day you'll take it

I know when you're  
Sometimes you're, oh so cruel  
And sometimes you fake it  
And love's pumpin' through my veins  
And I'm so glad you made it

I'm so glad you made it  
I'm so glad, I'm so glad

I know when you're  
Sometimes you're, oh so cruel  
And sometimes you fake it  
But love's pumpin' through my veins  
And I'm so glad you made it

Well, I'm so glad, I'm so glad  
I'm so glad you made it  
Well, I'm so glad, I'm so glad  
I'm so glad you made it

I'm so, so glad, so glad  
So glad you made it
