

## Cheyenne Anthem

Kansas

From the mountains to the sun  
Life has only just begun  
We wed this land and pledged  
Our souls to meet it's end

Life has only just begun  
Here my people roam the earth  
In the kingdom of our birth  
Where the dust of all our horses hides the sun  
We are mighty on the earth, on the earth

You have come to move me  
Take me from my ancient home  
Land of my fathers I can't leave you now  
We will share it with you  
No man owns this earth we're on

Now the wheels are rolling  
Hear the howling winds of war  
It's my destiny to fight and die  
But is there no solution  
Can we find no other way, Lord, let me stay

Under the endless sky  
And the earth below  
Here I was born to live  
And I will never go, oh no

But we cannot endure  
Like the earth and the mountains  
Life is not ours to keep  
For a new sun is rising

Soon these days shall pass away  
For our freedom we must pay  
All our words and deeds are carried on the wind  
In the ground our bodies lay, here we'll stay
