## See You in My Nightmares

**Kanye West** 

I'm cold
 (Yeah)
I'm cold
 (Yeah)
I'm cold
 (Yeah, yeah)

I got the right to put up a fight But not quite 'cause you cut off my light But my sight is better tonight And I might see you in my nightmare

Well how did you get there? 'Cause we were once a fairytale But this is farewell, yeah

I got my life and it's my only one I got the night, I'm running from the sun So goodnight, I made it out the door Door, door, door, door

After tonight, there will be no return After tonight, I'm taking off on the road I'm taking off on the road And that you know

That you know Tell everybody that you know That I don't love you no more And that's one thing that you know, that you know

Okay, I'm back up on my grind You do you and I'm just gon' do mine You do you, 'cause I'm just gon' be fine Okay, I got you out my mind

And the night is young, the drinks is cold The stars is out, I'm ready to go You always thought I was always wrong Well, now you know

Tell everybody, everybody that you know Tell everybody that you know That I don't love you no more And that's one thing that you know, that you know

I got the right to put up a fight But not quite 'cause you cut off my light But my sight is better tonight And I might see you in my nightmare

Oh but how did you get there? 'Cause we was once a fairytale But this is farewell, yeah

Baby girl I'm finished I thought we were committed I thought we were cemented I really thought we meant it

But now we just repenting And now we just resenting The clouds is in my vision Look how high that I be getting

And it's all because of you, girl we through You think your shit don't stink but you are Mrs. P-U And I don't see you with me no more Now tell everybody that you know, that you know!

That you know Tell everybody that you know That I don't love you no more And that's one thing that you know, that you know

That you know Tell everybody that you know That I don't love you no more And that's one thing that you know That you know
