Picture if you will, that the throne was burning Rome was burning, and I'm sitting in the corner all alone burning Why does it always end up like this? Something that we don't determine Same people that I fought for That I fight for, that I ride for That I live for, that I die for Be the reason that these niggas is alive for And they want me dead But I'm so sorry but I just can't die for you But I can make em put their hands in the sky for you We waiting for the fireworks like July 4th Get fly more, get high more, cry boy, why for? When the grief is over, beef is over, I'll be fly when Easter's over I tried to teach niggas how to be kings And all they ever wanted to be was soldiers So the love is gone, til blood is drawn So we no longer wear the same uniform Fuck you squares, the circle got smaller The castle got bigger, the walls got taller And truth be told after all that said Niggas still got love for you

Ooh, I love you so But why I love you I'll never know (4x)
