

# Heart Of A Child

Kara

Matthew 18 verse 1

Jesus, You asked,  
"Who is the greatest in all of Heaven?"  
Unless you change and become like little children  
You will never enter my kingdom.  
So many things that I could say about You,  
but I know You focus on my heart.

I want to be what You want me to be  
give You my everything and nothing less  
gonna love You with the heart of a child  
every single day, with every step I take  
Lord I'm completely Yours  
I love You with the heart of a child

so many times I go down my own road  
trying to work my way to Heaven  
I act my age trusting my own understanding  
when I could just be trusting Your wisdom  
so many things that I could strive to do  
but I know You focus on my heart

I want to be what You want me to be  
give You my everything and nothing less  
gonna love You with the heart of a child  
every single day, with every step I take  
Lord, I'm completely Yours  
I love You with the heart of a child

You lift me up when I am down  
You put a smile upon my face  
and just like a child I run to You  
I will delight

I want to be what You want me to be  
give You my everything and nothing less  
gonna love You with the heart of a child  
every single day, with every step I take  
Lord I'm completely Yours  
I love You with the heart of a child

gonna be what You want me to be  
cause I know that I love You completely  
and I want for the whole world to see  
that You've given me the heart of a child

gonna be what You want me to be  
cause I know that I love You completely  
and I want for the whole world to see  
that You've given me the heart of a child

gonna be what You want me to be  
cause I know that I love You completely  
and I want for the whole world to see  
that You've given me the heart of a child

gonna be what You want me to be

cause I know that I love You completely  
and I want for the whole world to see  
that You've given me  
yeah  
yeah
