

I Love You

Kara

I see you drifting very far away
And I can hear the sorrow in each word you say
The farther out you go the more pain you will know
But I know you'll come back to Me one day

I love you
I love you
It doesn't matter what you've done
I love you
I love you
Return to Me, My weary one
Remember when we used to be together every day
The joy that it would bring to Me no words can say
But since we've been apart I'm longing for your heart
But I know you'll come back to Me one day
I love you
I love you
It doesn't matter what you've done
I love you
I love you
Return to Me, My weary one
I've heard your cries a thousand nights
I've been there with you every time
And even in your deepest shame
My love for you has never changed
I love you
I love you
It doesn't matter what you've done
I love you
I love you
Return to Me, My weary one
And come rest in My healing arms
I love you
I love you
I love you
Oh, I love you
