

Sunshine

Kara

Forgive me, Lord, for I have sinned
And I've been places
I should never have been
And I'm tired of feeling guilty
All the time
Lost in a whirlwind
A thunderstorm raging deep within
And only You can save me
Lord, come and save me

You are my sunshine
You are my rainbow
Even when it's raining inside
You fill my heart with sunshine
You are the silver line
Making all things beautiful
Bursting through each cloud of mine
You fill my heart with sunshine
I lift my hands to greet the rain
And praise You through each drop of pain
For hope could never disappoint me now
Light of the world come pouring down
In Your glory I am drownin'
And only You can save me
I know You can save me
You are my sunshine
You are my rainbow
Even when it's raining inside
You fill my heart with sunshine
You are the silver line
Making all things beautiful
Bursting through each cloud of mine
You fill my heart with sunshine
Lord, let Your love rain down on me
Lord, let Your glory come and set me free
Lord, let Your love rain down on me
Lord, let Your glory come and set me free
You are my sunshine
You are my rainbow
Even when it's raining inside
You fill my heart with sunshine
You are the silver line
Making all things beautiful
Bursting through each cloud of mine
You fill my heart with sunshine
You are my sunshine
You are my rainbow
Even when it's raining inside
You fill my heart with sunshine
You are my sunshine
Yeah, yeah
