

I Don't Care

Karel Zich

I can't play the cards
Don't know any game
I'm black sheep in this bunch of friend
All the time the same
But I don't care
But I don't care
Ain't that fair (2x)
If I have to play
I just play my old guitar
Any time a day
Leave all my friends much too far
But- but I don't care
And they stare (2x)

C's not in tune
D's not in tune
I don't care
E's not in tune
F's not in tune
I don't care

Just can't tune-up all
Strings that I have got
They carry the life of me
The moments cold and hot
I can play C
I can play D
E F G A B C
But I don't care
But I don't care
That's just fair

G's not in tune
A's not in tune
I don't care
B's not in tune
C's not in tune
I don't care
C - I will make it sound
D - I have just found
E - it will hit the ground
F- I will sing loud and all around

I could play the days and nights
Even if I'm not tuned- on
Without any fights
I'm just winning on and on
That's when I care
When I care (2x)

C's not in tune
D's not in tune
I don't care
E's not in tune
F's not in tune
I don't care

G - on the silver spoon
A - flies to the moon
B - you will find it soon
C - you hit the perfect tune out of the gloom

I seem to love the way you say
You need me and my guitar
I will go your way
You don't mind I'm not a star
And I don't care
You play just fair
And I don't care
And I don't care
You play fair

G's not in tune
A's not in tune
I don't care
B's not in tune
C's not in tune
I don't care
C's not in tune
D's not in tune
I don't care
E's not in tune
F's not in tune
I don't care
G's not in tune
A's not in tune
I don't care
