

It's Kinda Groovy

Karel Zich

It's a-kinda groovy
Just another perfect noise
It's a-kinda groovy
Look at all those girls and boys
Rockin' on the band-stand
There's a group of four young guys
Rollin' down the floor there
Everybody's feelin' nice

It's a-kinda groovy movin' to and fro
Every other Friday there's a place to go
That's where we all meet
To feel the rhythm of a brand new beat

Well ,it's a kinda-groovy
You can call it disco-show
Listenin' to the latest
Hi-Fi high and lights down low
A disc-jockey is here
Lost behind his gramophone
Spinnin' out his records
Makin' music all night long

It's a-kinda groovy movin' to and fro
Every other Friday there's a place to go
That's where we all meet
To feel the rhythm of a brand new beat

It's a-kinda groovy
The crowd is shoutin' "Go man go"
It's a-kinda groovy
And the name is rock and roll
They said he's a goner
Many many years ago
Well, I'd be glad to visit
His hundredth anniversary show

It's a-kinda groovy movin' to and fro
Every other Friday there's a place to go
That's where we all meet
To feel the rhythm of a brand new beat
