

# Let Luxembourg Go On

Karel Zich

It's all gone  
But not so far away  
We were in our teens  
When Radio Luxembourg played  
I live on  
You also found your way  
We both know what it means  
That Radio Luxembourg played

We had time  
For every new romancin'  
One dime in the juke-box  
Kept us dancin'  
Rock and a little bit of roll  
And lot of rock'n'roll  
Let Luxembourg go on

Those were the times of Elvis Presley  
Fats Domino was right behind  
Perkins, Chuck Berry, Haley, Gene Vincent  
They will be always in my mind  
Forever

It's all gone  
But not so far behind  
We love rock'n'roll  
Let Luxembourg go on

Time  
Can make just everybody  
Keep a-dancin'  
One dime in the juke-box  
May bring a new romancin'  
It's all gone  
It's the matter of the age  
Let's turn the other page  
Let Luxembourg go on

Those were the days of Elvis Presley  
Fats Domino was right behind  
Perkins, Chuck Berry, Haley, Gene Vincent  
They will be always in my mind  
Forever

It's all gone  
It's the matter of the year  
But it may come back here  
If we keep rock'n'rollin'  
Come on  
Let Luxembourg go on  
our music's always fair  
Let Luxembourg go on
