

One More Night

Karel Zich

One more night
I need to prove just who am I
One more night
And then I will not cry
So give me one more try
Then I can calmly die
One more night
Before I lose you

One more night
And then we sail our different ways
One more night
And you can let me go
So try to understand
Don't say this is the end
One more night
Before I lose you

So please don't let me down
You're the only one
That I'm longing for
I'm not dead and gone
Not a distant zone
One more night
Before I lose you

One more night
And then I'll be just like before
One more night
And I will pass your door
So c'mon help me now
Because I'm falling down
One more night
Before I lose you

So please don't let me down
You're the only one
That I'm longing for
I'm not dead and gone
Not a distant zone
One more night
Before I lose you

One more night
And I won't know your telephone
One more night
Then you will find I'm gone
Now treat me like a friend
Until the bitter end
One more night
Before I lose you

So please don't let me down
You're the only one
That I'm longing for
I'm not dead and gone
Not a distant zone

One more night
Before I lose you

So please don't let me down
You're the only one
That I'm longing for
I'm not dead and gone
Not a distant zone
One more night
Before I lose you
