

What A Painting

Karel Zich

Love can have all the different colors
Each color has its special shine
Although I'm not gifted from above
I try to paint this little love
Of mine

You'll see me workin' on my picture
In every moment I can spare
I try to paint out of the blue
A little love for me and you
To share

What a paintin'
I'm so sorry that I ain't
A skillful painter workin' quick and firm
What a paintin'
Now you teach me how to paint
While I do my very best to learn

In each and every different color
There'll be a piece of you and me
When the complete paintin' will be done
We'll hang it high for everyone
To see
