

## Crazy Irritation

Karelia

Suppose you're sick of being dull,  
Distraught that you may not be special.  
There's a way you can transform  
(Your nuclide cells of brandy wall?)  
Into a charming social storm  
By hearing words of wise advice that:  
Everybody loves a loony!  
Loonies are so bad.  
Everybody loves a loony.  
Loonies are so mad.  
Loonies have so much attention,  
They must intrigue where you're ignored.  
People even think they're good at

Now you've realized your state  
As disregarded social castrate,  
You yearn the golden glare of  
Conversational  
Risen so the mob can stare  
By hearing words of wise advice:  
Everybody loves a loony!  
Loonies are so bad.  
Everybody loves a loony.  
Loonies are so mad.  
Loonies have so much attention,  
They must intrigue while you're ignored.  
People even think they've got big--

But if you're scared of being mentally unwell,  
Just you relax, there's no need for a padded cell  
To be loopy, you don't need to break your brain  
The trick is to remain inane while seeming so insane  
Everybody loves a loony  
Everybody loves a loony.  
Everybody loves a loony...

Are you smug that you are plain  
But dropped the tedium and gained  
What you believe to be a charm  
And others saw a (hectic?) phony  
Irritating wacky smarm  
From this hearing wise advice that:  
Everybody loathes a loony.  
Everyone knows that!  
Everybody loathes a loony.  
Loonies are such pratts.  
Looneys have so much attention,  
They irritate, can't be ignored.  
Loonies leave you  
Bored.
