Back off misfits
You cannot eat this kind of love
Back off misfits
You shall not teach this kind of love
You cannot teach
You cannot eat
You cannot love

We're back, back, back, back
We're back, back, back, back
We're back, back, back, back
We'll back on up
We'll back on up

Back off misfits
You cannot teach this kind of love
Back off misfits
You cannot eat this kind of love
We're back, back, back on up
We're back, back, back on up
We're back, back, back, back, back, back, back, ooww

Back off misfits
You cannot teach this kind of love
Back off misfits
You cannot teach this kind of love
You cannot teach
You cannot eat
You cannot love
We're back, back, back, back, ooww

Leave me when I say I go
After all it's me you hardly know
After all it's all I see
Me and you and you and me

Back off misfits
(We're back, back, back on up)
Back off misfits
(We're back, back, back on up)
Back off misfits
(We're back, back, back, back, back, back, back, ooww)
