

# Brand New Day

Kari Kimmel

I'm taking off taking off for the weekend  
Sailing away I'm I'm geating away  
I'm gonna find out what I have been missing  
Caching my dreams  
So nothing will stop me now  
I'm moving on  
The sun is shining  
It's a brand new day  
I I am go  
Were living the moment  
And its a brand new day  
Ooooo oooo  
Whooo  
You can try but you're not gonna catch me  
I'm taking a ride  
I'm taking all of my chances  
I'm living life  
I'm living it up I'm breaking the rules  
So nothing can stop me now  
I'm moving on  
The sun is shining  
It's a brand new day  
I I am go  
Were living the moments  
It's a brand new day  
Oooooo ooooooo  
(yeah I'm gonna tell ya)  
That everything is looking up  
Beautiful  
Like a dream  
Wouldn't change anything  
Cause I got ya  
I got ya  
I got you  
Everythings perfectly  
Just the way it should be  
Cause I got ya  
I got ya  
I got you  
This is my fairytale  
I don't need a wishing well  
Cause I got ya  
I got ya  
I got you  
I'm moving on the sun is shining  
It's a brand new day  
I I am go  
Were living the moment  
And its a brand new day  
I'm moving on  
The sun is shining  
And its a brand new day  
I I am go  
Were living the moment  
And its a brand new day
