

# It's Not Just Make Believe

Kari Kimmel

Hey yeah ohhh yeah ohh yeah eah yeah

I thought that I was too old  
To believe in fairy tales  
But there's a letter from you  
Waitin' when I check my mail  
I start to shakin' like a 7  
On the Richter scale  
When you say you love me

Look in the mirror and I'm not  
Who I used to be at all

It's coming clearer...

I'm Cinderella at the ball  
I'm Alice growing 10 feet tall  
It's not just make believe  
Here comes the prince's kiss,  
I'm positive the slipper fits  
It's not just make believe

It started out like just another ordinary day  
Now suddenly my life is different in every way  
The sun is brighter and the happiness is here to stay  
It's like I'm dreaming

Thank you for showing me  
That true love doesn't hurt when you fall

You got me glowing...

I'm Cinderella at the ball  
I'm Alice growing 10 feet tall  
It's not just make believe  
Here comes the prince's kiss  
I'm positive the slipper fits  
It's not just make believe

Whenever wherever  
Forever I'll be with you  
We have it  
It's magic.. ohhhh

Look in the mirror and I'm not  
Who I used to be at all

It's coming clearer...

I'm Cinderella at the ball  
I'm Alice growing 10 feet tall  
It's not just make believe  
It's finally happening,  
I feel so good I gotta sing  
It's not just make believe

I'm Ariel above the sea,

I'm Beauty dancin' with the Beast  
It's not just make believe  
Here comes the prince's kiss  
I'm positive the slipper fits  
It's not just make believe

Ohhh yeah  
It's not just make believe  
(it's not just make believe)  
Ohhh yeah yeah ohhh yeah

It's not just make believe.
