

# All You Had In Me

Kari Rueslåtten

You know I gave it away  
You know I gave it to someone else instead  
But like a crack of a dawn  
and like an Easter-Rabbit-Song - I knew you'd be gone

You said that I was the one  
that you could put all your grief upon  
But like a crack of a dawn  
and like an Easter-Rabbit-Song - I knew you'd be gone  
with the Easter-Song singing

I want you, I want you to see  
the thing you still haven't seen in me  
I gave you all - all you had in me

For the sake of our love  
and for all the times that we have shared  
Can I sing you this song  
And when all the Easter-Rabbits are gone  
I still have you here - at least a piece of you

And so I gave it away  
And so I gave it to someone else instead
