

# Ride

Kari Rueslåtten

I ride with my daughter  
She keeps me safe and warm  
As if it was me who was the newborn

I know it should not matter  
I know I do not have to say this  
But I think I`ll be a good mother to her

As long as she keeps quiet  
As long as she lies perfectlystill

So for now  
We will take  
One step at a time
