

# The Shadowchant

Kari Rueslåtten

Cast away the shadows  
Cast away the shadows  
Cast away the shadows behold the view  
I am but an evil, I am but a man

Cast away the shadows  
Cast away the shadows  
Cast away the shadows behold the view  
Ember turn to fire, rock turn to dust

Cast away the shadows  
Cast away the shadows  
Cast away the shadows behold the view  
Aware on the sacred night, waiting for  
the signs to appear

Cast away the shadows  
Cast away the shadows  
Cast away the shadows behold the view  
Mistress turn to Goddess, blood turn to wine
