

Fill It Up

Karin Park

I am calling you at home
You've lost and i won
At least is how i like to look back on those days
Your face, brazilian bears are easily amazed
I walk and she stays
One man down i say we got this one for free

So fill it up for me
I'm just fool around
I cant say no to anyone i
God for us who knows, i'm on my knees
I just fool around
I cant say no to anything i
Stupid boy im not the only one

I live only to find
Moments that seem not minds
But we are not designed to go on such a tour
Before you ask me if i really want some more
I'm sure i'll get bored
One man down here but before i spin my heels

Fill it up for me
I'm just fool around
I cant say no to anyone i
God who knows on him, i'm on my knees
I just fool around
I cant say no to anything i, stupid boy i'm not the only one

Oh no i can't say no to anyone

Fill it up for me
I'm just fool around
I cant say no to anyone i
God who knows on him, i'm on my knees
I just fool around
I cant say no to anything i, stupid boy im not the only one
