

# How Can I Lose

Karin Park

Hold on, I believe in your lies  
And we going for the big mistake  
In the same direction  
Marching, smashing our heads against the wall  
To a sheep mourn

[bridge]  
How can I lose when I'm not competing?

[Chorus]  
Why should I win when I am briefing my stand  
How can I lose when I'm not competing?  
Why, why do I have to keep on smiling to the crowd?

Don't tell; don't tell me that you need me  
Because then I have to control myself  
I had a heart-explosion  
Now I can breathe  
And I want you to feel that it's worth it

[bridge]  
How can I lose when I'm not competing?

[chorus]  
Why should I win when I am briefing my stand?  
How can I lose when I'm not competing?  
Why, why do I have to keep on smiling to the crowd?

[music]

I lose it all  
I'm giving in  
I just come back where I begin  
I have no use but things like pride  
As long as we stay open wide  
Ooh

[bridge]  
How can I lose when I'm not competing?

[chorus]  
Why should I win when I am briefing my stand?  
How can I lose when I'm not competing?  
Why, why do I have to keep on smiling?  
How can I lose when I'm not competing?  
Why should I win when I am briefing my stand?  
How can I lose when I'm not competing?  
Why, why do I have to keep on smiling to the crowd?
