

Look What You've Done

Karin Park

I knew I was in trouble when I let you catch my eye.
Your energy was shooting like a laser up my thigh.
You can never have me but I'll let you prove me wrong.
Even if you catch me now I won't be yours for long.

Look what you've done, look what you've done.
Spin me around, won't get me down.
You're sucking me dry, beautiful one.
I should have run, I should have run, run, run.

Try to work you out but I don't seem to get it right,
I like to push your buttons and we end up in a fight.
Alright to be a man but you are pure testosterone,
You're giving me a headache but I can't leave you alone.

Look what you've done, look what you've done.
Spin me around, won't get me down.
You're sucking me dry, beautiful one.
I should have run, I should have run, run, run.

Lick my legs, oh, you're gonna get it.
Our hot meat, burned since the beginning.
How we met, wish I could forget it.
Heads will roll, I should have seen it.
Lay me down, lay me on your bed and shut your mouth. I know I am pretty.
God knows I'm not really the crazy kind.
But you shouldn't have fucked with my mind.

Look what you've done, spin me around, won't get me down.
You're sucking me dry, beautiful one.
I should have run, I should have run, run, run.

Oh, I should have run, my beautiful one.
What have you done, what have you done.
You're sucking me dry, beautiful one.
Oh I should have run, look what you have done.
