## **Taking It All**

**Karise Eden** 

Leave it to me i know better Don't tell it to me I can't hear I know exactly what I want

Know exactly what I need Don't tread on me now You've got me all wrong Step back, give me room to breath now

I'm taking it all
I'll not wait round for my years to go by
Leave it to me
You won't stand a chance
If I choose to know
I'm taking it all, I'm taking it all
I gotta do these things my own way
Cause I only got so much time
I'm taking it all

I know what you mean Just leave me to it I see where you been But that's not where I'm going Everything you think I want Everything you think I need I'ts missing in you I know that you can stand back Just let me be now
