

# Butterflies

Karl Wolf

The Dame's Like a Butterfly  
Movin' from side to side  
Shakin' that thing in front of my eyes  
How about a little taste, would you mind?

Ever had someone, that caught your eye  
You get all messed up  
Everything is a high  
I try and run  
But can't get away  
I made her the Sun  
That shines over me

'Cause she can bring me higher  
Better than most  
and I wanted to be alone  
but wherever I go..

She gives me butterflies  
The sweetest feelin' I've ever known  
I'm fallin'  
So unbelievable

It's in my mind  
And flows right down to my toes  
I guess I'm fallin'  
So unbelievable

The Dame's Like a Butterfly  
Movin' from side to side  
Shakin' that thing in front of my eyes  
How about a little taste, would you mind?

She winds me up  
Then shuts me down  
They say Wussup?  
"Karl, you should look around!"  
You don't wanna know  
The places she'd be"  
It's all for show  
Just wait and see

The Dame's Like a Butterfly  
Movin' from side to side  
Shakin' that thing in front of my eyes  
How about a little taste, would you mind? (2x)
