Girl, let me love you
Baby, let's get naked
Girl, I wanna show you
A things you've never seen
I wanna love you
Baby, let's get naked
Girl, I'll take you way beyond your dreams

Sex, love, infatuation
We can do it all night as long as you patient
Heels, dress, I like it classy, babe
So put on your birthday suit and I will take care of you
Baby

I been waitin' all night long
Can't wait till you come home
Without no rest, you can do it best
You and me forever
Cuz I be makin' all the moves
And you ain't got no more to lose, baby
Way beyond your dreams

Girl, let me love you
Baby, let's get naked
Girl, I wanna show you
A things you've never seen
I wanna love you
Baby, let's get naked
Girl, I'll take you way beyond your dreams

Sex, hugs, kisses in infra, baby
You blow my mind, a sexual nimpho
Deep breath, cuz I wanna take my time
Feelin' you every move and I want be there for you
