

Go Your Own Way

Karl Wolf

Hey, you can go your own way
Go your own way
You can call it another lonely day

Beware of the wolf

Should've been the one that you loved
Go your own way
The space between us, communication down
Just walk in my shoes and it will tear you apart

Should've been the one that you loved
I'm so done fighting
Girl, you're on my mind and
We just need a break

Could've been the one that you loved
I was your hero
You made me so evil
Just go your own way

Drop the beat now

Hey, you can go your own way
Go your own way
You can call it another lonely day
Another lonely day

Hey, you can go your own way
Go your own way
You can call it another lonely day

Beware of the wolf

Go your own way

The sound of your voice
Reminds me of an angel
Alone in this cold void
I'm trying to hold on

I should've been the one that you loved
I'm so done fighting
Girl, you're on my mind and
We just need a break

Could've been the one that you loved
I was your hero
You made me so evil
Just go your own way

Drop the beat now

Hey, you can go your own way
Go your own way
You can call it another lonely day
Another lonely day

Hey, you can go your own way
Go your own way
You can call it another lonely day

Damn, here we go again
You wanna know what I left in the Lex or Benz
You ain't get me first time so you text again
So when I got home, you was arguing
You hit, I hit, you scream, I'll leave
Fighting got me feeling like I really can't breathe
Living in the moment, is it ever gonna stop?
Getting hella pissed and I think I'm gonna pop
Hate is here, love is gone
No big L, life goes on and on
Dip to the left, baby take a bow
'Cause I hate you, but it's just for now

You can go your own way
Go your own way
You can call it another lonely day

Hey, you can go your own way
Go your own way
You can call it another lonely day
Another lonely day
