Just like the music baby
You're my drug
Tell me your fantasies
I'll light you up
Don't fight the feeling
Sugar, come on up!
And I'll be waiting for tonight
I'll do it, I'll do it just for you
I'll make you mine
Let's do it, let's do it, make a move
I'll keep you satisfied,
To your pink paradise
Every moment in love
Welcome to my Magic Hotel!

You're a killer girl, thriller girl oh oh oh
Step into my magic world, magic world, oh woah oh
'Cause I caught you when you fell
