

# Princess

Karl Wolf

I'm reaching you're amused  
There's still time to spin a thread that sews my future  
In your eyes, I see my focused  
Tender Duchess  
Let me lead the way

Cause this ship is on the go  
And we're walking to and fro  
I am steering into hope  
Don't walk away  
The time is on the wall  
Just bet it all  
I am staring into hope  
Princess wouldn't want it any other way

Little Temptress, running ramped  
Causing distraction  
Wherever her tiptoe prints may fall  
I still see me focused  
Tender Duchess  
Let her lead the way

Cause this ship is on the go  
And we're walking to and fro  
I am steering into hope  
Don't walk away  
The time is on the wall  
Just bet it all  
Roll the dice and take the fall  
Princess wouldn't have it any other way

Oh oh ah she is my princess  
Oh oh ah she is my princess  
Oh oh ah she is my princess

She brings me into sunset after a long day  
Princess has a way with words  
I've nothing to say (2x)

Oh Oh ah she is my princess  
Oh oh ah she is my princess  
Oh oh ah she is my princess (2x)
