

# Stereotype

Karl Wolf

I absolutely despise, you motherfucker act like  
You know, I can't do this cuz I'm black  
Or I can't do this cuz I'm '

If it wasn't for music I wouldn't be here  
Just to give with a vision but never seems clear  
It gonna get to the diamonds and I was right there  
I kept my family alive the past five years  
This is act to my ball but they don't see that  
The only ..is uncover and they could '  
All we think is glamour and ..that makes angry a mil

So they don't even try to get to know  
All I wanna see is '  
Cuz we are the stereotype  
Cuz we are the stereotype  
So they don't even try to get to know you  
Don't wanna see you cuz  
We are the stereotypes  
We are the stereotypes  
You a million miles away, you run above me  
Don't you cut me up  
I'm here to stay '.

I'mma do my best, ain't worry by the mess  
If this is my destiny, to show you what I'm made of  
Hey then you playing grooving just enough to death

they don't even try to get to know  
All I wanna see is '  
Cuz we are the stereotype  
Cuz we are the stereotype  
So they don't even try to get to know you  
Don't wanna see you cuz  
We are the stereotype  
We are the stereotype
