

Walking On The Moon

Karmin

My mind is blown
Lose all control
(Cut me loose)

Uh! Uh! Uh!

Feelin' like I got my M.J. shoes on
Can we get a move on
Let's go on a beach walk
Pick us up some moon rocks
Anytime you wanna stop
I can make the stars spot
Light on the dance floor
What do we got the DJ for?
Just left earth, now we on our way to Pluto
Call it what you want we're the daringest duo
Higher and higher, we goin' up another kilo
Pressure from the climb sittin' heavy like a sumo

Outer-space melodies, every flavor jellybeans
Make me wiggle, make me giggle, sea anemones
Peace out stratosphere, lickety split I'm outta here
Space shippin' gravity slippin'

My mind is blown with every single thing you do
Lose all control like I'm walkin' on the moon
You got me sprung and I'm trippin' over you
Baby boy, your love got me walkin' on the moon
The moon, the moon, the moon

Yeah
You got me stumblin' like a love drunk alien
DJ play our song again
Take me a sobriety test and I'mma fail again
Blurry is my eyesight
Stumble on my walk like
You and me can make our own constellation tonight
Just made sense, now I'm on another level
Please don't burn me up fast like the devil
I'm in first place, maybe I should get a medal
Never been this high up, foot on the pedal

Outer-space melodies, every flavor jellybeans
Make me wiggle, make me giggle, sea anemones
Peace out stratosphere, lickety split I'm outta here
Space shippin' gravity slippin'

My mind is blown with every single thing you do
Lose all control like I'm walkin' on the moon
You got me sprung and I'm trippin' over you
Baby boy, your love got me walkin' on the moon
The moon, the moon, the moon, yeah

Everything about you takes me high
To the moon just like a satellite, ooooohhh
Never known a love like this before
I'm a million miles up off the floor, oh oh oh

My mind is blown with every single thing you do
Lose all control like I'm walkin' on the moon
You got me sprung and I'm trippin' over you
Baby boy, your love got me walkin' on the moon

My mind is blown with every single thing you do
Lose all control like I'm walkin' on the moon
You got me sprung and I'm trippin' over you
Baby boy, your love got me walkin' on the moon
The moon, the moon, the moon, yeah
The moon, the moon, the moon, the moon, yeah
