Superwoman

Karyn White

Early in the morning I put breakfast at your table And make sure that your coffee has it's sugar and cream Your eggs are overeasy Your toast unlikely All that's missing is your morning kiss that used to greet me Now you say the juice is sour It used to be so sweet And I can't help but to wonder if you're talking about me We don't talk the way we used to talk It's hurting so deep I've got my pride I will not cry But it's making me weak

I'm not your superwoman I'm not the kind of girl That you can let down And think that everything is okay Boy I am only human This girl needs more than occasional hugs As a token of love from you to me

I fought my way through the rush hour trying to make it home just for you I want to make sure that your dinner will be waiting for you But when you get there you just tell me You're not hungry at all You said you'd rather read the paper And you don't want to talk You like to think that I'm just crazy When I say that you've changed I'm convinced I know the problem You don't love me the same You're just going through the motions And you're not being fair I've got my pride I will not cry Still I can't help but care

I'm not your superwoman I'm not the kind of girl That you can let down And think that everything is okay Boy I am only human This girl needs more than occasional hugs as a token of love from you to me

I'm not your superwoman I'm not the kind of girl That you can let down And think that everything is okay Boy I am only human This girl needs more than occasional hugs as a token of love from you to me

Oooh, baby Look into the corners of your mind I'll always be there for you through good and bad times But I can't be the superwoman that you want me to be I'll give my everlasting love if you'll return love to me

I'm not your superwoman I'm not the kind of girl That you can let down And think that everything is okay Boy I am only human This girl needs more than occasional hugs as a token of love from you to me Oh! If you feel it in your heart And you understand me Stop right where you are Everybody sing along with me (Hoo, hoo, hoo, hoo, hoo, hoo, hoo...) I'm the kind of girl that can treat you so sweet But you got to realize that you got to be sweeter to me I need love I need just your love I'm not your superwoman I'm not the kind of girl That you can let down And think that everything is okay Boy I am only human This girl needs more than occasional hugs as a token of love from you to me
