

Eez-Eh, I'll make you mad  
Please staying sleazy  
If you're trying up the one so right  
If you want to, I take you out  
'Cause I got a feeling that I'm gonna keep you up all  
Gonna keep you up all  
Gonna keep you up all night!

Tired of taking orders  
Coping with disorders  
Running out of power  
Sun in my milk shower  
Tired of taking orders

Eez-Eh, but it ain't that bad,  
Go round my muse, and I'll tryna send the world a live  
You got problems, so as I  
And I got a feeling that I'm gonna keep you up all  
Gonna keep you up all  
Gonna keep you up all night!

Finally we lost it,  
Everyday is brutal  
Now we're being watched by Google  
Got to keep its symbols  
Send denial single  
Everyone's on bugle  
Now we're being watched by Google  
Being watched by Google  
Being watched by Google
