

# The Nightworkers

Kasabian

Street swimming lonely  
Light the fires  
You corner dogs  
I saw the magic  
I saw the fool

This ones for the workers  
For his pay for his face  
Did that for the one  
The simplest lies

Take care my friends  
Run my life for this magician

Street swimming lonely  
Light the fires  
You corner dogs  
I see the magic  
I see the fool  
The Nightworkers

They never know  
They never know  
They never know I'm here

Take care my friends  
Live my life for the big magician

I wont stop  
I want to sail the sea

I wont stop  
I want more
