

## Barricades & Brickwalls

Kasey Chambers

Barricades and brickwalls won't keep me  
from you  
You can tie me down on the railroad  
track  
You can let that freight train lose  
Iron bars and big ole cars  
Won't run me out of town  
I'll be damned if you're not my man  
Before the sun goes down

You can chain me down  
On the edge of town  
You can leave me there to die  
But the railroad track

Will bring me back  
When the lonesome whistle cries  
You can lock me out  
You can scream and shout  
You can try to change your name  
But by the end of the day  
I'll take you away  
Like a force 10 hurricane
