

# Bittersweet

Kasey Chambers

If I played in a rock n roll band  
And I didn't disappoint you again  
Would you take back this  
Low down ramblin' man

Cos we were so young and proud  
The first time that I let you down  
The look upon your face is  
All that I see now

And I could list a thousand things  
That's make me take you back again  
But I don't really need you half as much  
As I did then

Cos we were so young and proud  
The first time that you let me down  
The look upon your face is  
All that I see now

I waited out on your street  
Between Maple and 83  
It wasn't really anything but  
Bittersweet

Waited there all night long  
Digging my nails into my palms  
Waited for a light to come on  
Waited for your light to guide me home

I am a big boy now  
Don't have to be hangin around  
I probably would have let you down again  
Anyhow

And I am a big girl now  
And I don't want you hanging around  
You probably would have let me down again  
Anyhow

You probably gonna let me down again  
Anyhow
